Two Additions in Ardour Global Alternative Energy Extra Liquid Index Quarterly Reconstitution

New York, NY, Thursday, December 8, 2016 — The Ardour Global Alternative Energy Extra Liquid IndexSM (TICKER: AGIXL) will add two constituents in its quarterly reconstitution, effective 6:00 PM (EST) Sunday, December 18, 2016, changing the number of index components to 30.

The additions to AGIXL are: Innergex Renewable Energy (TICKER: INE CN), Veeco Instruments Inc (TICKER: VECO US).

A complete list of constituents and weights will be posted on the Ardour Global Alternative Energy Index family website (<http://ardour.snetglobalindexes.com>) as of the effective date.

The Ardour Global Alternative Energy Index (Extra Liquid) is a capitalization-weighted, float-adjusted index of the most prominent alternative energy stocks in the world. To be included in the index, companies must be pure-play and their stocks must pass multiple screens, including those for capitalization, float, exchange listing, share price and turnover.

Detailed index information, including constituent data, rules and price information, is available at <http://ardour.snetglobalindexes.com>. Data is also available through most vendors of financial data.
